

School Nutrition Equipment Grants

Midwest Dairy is pleased to offer School Nutrition Equipment Grants. The [grant application](#) will be open from April 1 - 30, 2018. The purpose of the grant is to assist School Nutrition Directors in the purchase of equipment that will enhance the long-term implementation of their school meal programs with a preference to increasing school breakfasts served outside the cafeteria and afterschool suppers. Schools may apply for up to \$5000 to purchase foodservice equipment for the storage, handling and delivery of dairy foods. Equipment may include insulated bags, transportation carts, kiosks or remote point of sale equipment for meals sold outside of the cafeteria. For more information, [watch this video](#) on how to complete a successful grant application. These grants are competitive and not all applications will be approved for funding even if all requirements are met.
